

## Miscellaneous

Ensolite Sleeping Pad (42" closed cell foam)	\$10.00
Socks (hiking)	\$5.00 – 7.00
Water Bottle (plastic, lightweight)	\$6.00 – 8.00
Sierra Cup (for camping trips)	\$4.00
Poncho (lightweight vinyl)	\$4.00

*Campers need a day pack for all-day trips and shorter hikes.*

**Day Pack:** Versatile pack of rugged nylon with easy access to main compartment; zippered smaller front pocket; adjustable waist strap; many campers use this pack at home and school. \$21.00

**Fanny Pack:** Designed for the runner and hiker, it holds small personal items without impairing movement. Zippered opening with rain flap, quick-release buckle. \$11.00

A variety of miscellaneous gear will be stocked in the Sanborn Camp Store. We will be happy to special-order any item we can obtain from The North Face, Vasque Boots, Marmot, JanSport, Black Diamond, and Dan Post Boots at approximately 20-33% off their suggested retail price.

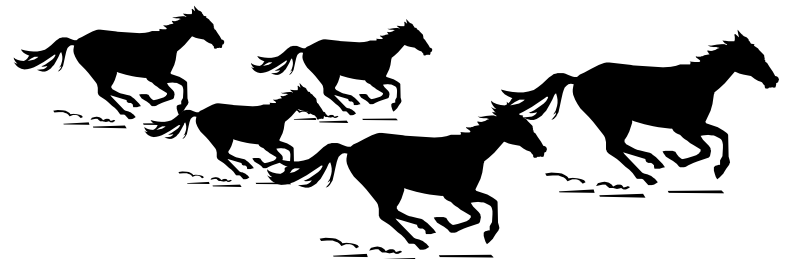

# OUTDOOR ADVENTURE

Dear Camp Families,

Over the years many parents have requested our help in securing the type and quality of special camping gear best suited for summer camp programs. This service is a convenience if you desire to reserve equipment and have it waiting for your camper when camp opens. Our prices are discounted approximately 20 to 33% from the manufacturer's suggested retail price. Please enclose payment with your order and make checks payable to: **OUTDOOR ADVENTURE.**

We have no desire to sell campers anything they don't need or that you don't want them to buy. Please send written authorization for any item costing more than \$25.00 or sign the authorization on the order form which permits the camp to determine if something is really needed for your child to participate fully in the program. Anything selling for less than \$25.00 can be charged to the camper's personal spending account.

We invite your questions and suggestions.

## SLEEPING BAGS

Each camper needs a warm, lightweight sleeping bag that will sleep comfortably to 20 degrees.

These bags are all mummy style made by The North Face and are well-suited for the camp program: (MUH = maximum user height)

**Tigger:** PolarGuard Classic, warm to 20 degrees

small size: MUH = 5'0", weighs 2 lbs. 5oz.	\$ 61.00
--	----------

**Cat's Meow 3-D: PolarGuard Delta**, warm to 20 degrees

regular size: MUH = 6'0", weighs 2 lbs. 13 oz.	\$129.00
long size: MUH = 6'6", weighs 3 lbs.	\$138.00

**Snowshoe 3D: PolarGuard Delta**, warm to 0 degrees

regular size: MUH = 6'0", weighs 3 lbs. 10 oz	\$146.00
long size: MUH = 6'6", weighs 3 lbs. 13 oz.	\$154.00

**Tundra 3D: PolarGuard Delta**, warm to -20 degrees

regular size: MUH = 6'0", weighs 4 lbs.	\$179.00
long size: MUH = 6'6", weighs 4 lbs. 4 oz.	\$185.00

**Superlight:** Goose Down, warm to 0 degrees

regular size: MUH = 6'0", weighs 3 lbs. 9 oz.	\$191.00
long size: MUH = 6'6", weight 3 lbs. 12 oz.	\$198.00

## HIKING BOOTS

A comfortable, well-fitting hiking boot with good ankle support and a sole with good traction is needed for the many hikes coming up.

We recommend the Ranger boot made of split leather and nylon fabric made by Vasque/Red Wing.

**Ranger:**

men's sizes 7-15, Medium width	\$59.00
women's & boy's sizes 5-10, Medium width	\$59.00

Unfortunately Vasque has discontinued their line of children's boots and we are unable to obtain boots smaller than size 5.

## BACKPACKS

Each camper needs a comfortable pack for the great trips and campouts. The pack should hold sleeping bag and personal gear, plus a share of the equipment (food, utensils or a tent) needed by the group.

We are again offering backpacks from JanSport. They have all the features we seek: quality materials and workmanship, appropriate features, reasonable cost, full guarantees, and many adjustments for different sizes and growing bodies. All have padded shoulder straps and waist belts, sturdy frames and water repellent nylon packcloth.

**Scout** adjustable external frame pack.

Fits torso 13" - 17". Capacity: 3850 cu. in.; weight 3 lbs. 8 oz.	\$72.00
---	---------

**Carson** adjustable mid-size external frame pack.

Fits torso 15" - 18". Capacity: 4900 cu. in.; weight 5 lbs. 3 oz	\$87.00
--	---------

**Klamath** internal frame pack, flexible and adjustable

Fits torso 15" - 18". Capacity: 4400 cu. in. Wt: 5 lbs. 7 oz	\$94.00
--	---------

## RIDING BOOTS

Everyone participating in the horseback riding program will need a boot with a good heel (at least one inch) and a smooth sole.

These come from the leader in the field- Acme/Dan Post Boots.

Adult sizes: N & M width only 6 to 13	\$ 85.00
---------------------------------------	----------

(E and EE widths available at slightly higher prices)

If you have smaller than size 6 or exceptionally narrow, wide or otherwise hard-to-fit feet, we recommend that you buy hiking and riding boots at home before coming to camp.
